Course Objectives and Course Outcomes

1. Course Title: English I

Course Objectives	Course Outcomes
Language is an essential tool in legal profession. Competence in communication and a good vocabulary is essential for lawyers. The skills contemplated as essential to a lawyer are communication skills (both written and oral) as well as skills of comprehension (learning by reading and listening). This course primarily aims to give a functional knowledge of the language for the purpose of communication and comprehension in legal profession. This entails emphasis on both General English as well as English for legal purpose. The main focus of this course is on the use of English language for effective communication, reading, writing and speaking, for the purpose of understanding and transaction of legal learning and profession. The course aims to expose the students of law to literature texts with legal themes and inculcate in them the importance of ethics, new ideas and human sensitivity. Improve their reading skills with the use of literature texts in order to expand their vocabulary. The course aims to expand their speaking skills and pronunciation with activities such as speeches and elocution. The course aims to advance their grammar skills by improving their syntax and construction of sentences and enhance their writing skills.	After the completion of this course the student will be able to: CO1- Identify the different literature texts related to legal themes through the writings of various authors while simultaneously understanding the importance of ethics in legal issues and deal them with human sensitivity. CO2- Read efficiently and develop the vocabulary with the help of the prescribed texts. CO3- Develop the ability to speak grammatically correct sentences and with proper syntax. CO4- Write official communication through various related activities. CO5- Learn to critically analyse literature texts. CO6- Develop analytical skills and structure the foundation for legal writing.
